

From the Summit County Engineer's Office:

Our contractor for the Culvert Replacement Program informed us that they will be ready to perform the culvert replacement on Twinsburg Road, just east of Deer Path, on Wednesday, July 28th. They have 14 days to replace the culvert. The detour route takes drivers south and will not overlap with the Highland Road detour. The information can be found here: <https://www.summitengineer.net/news/Twinsburg-Road-Culvert-Replacement-Closure.html>

The contractor will install warning signs and the detour route signage.

If you have any project specific or detour questions, please contact Joe Paradise.

Thanks,

Heidi Swindell
